

Hi ,My name is Bradley Howard.

I am running for a position on the United Sportsman's Club board of directors. This is my eighth year as a member of this club. I have been attending the board of directors meetings for the past several years. I currently instruct youth in Cole County in the Rifle and Hunting skills projects. I am also a level 2 instructor which allows me to train adults, from other counties, to instruct youth in their counties.

My drive for instructing youth led me to pursue further interests. This is currently the third year I am coaching the Missouri State 4-H Air Rifle team. We will train for six months to compete in the National 4-H shooting sports competition held in Grande Island, Nebraska.

In conclusion, I would appreciate your vote so there is more representation for the 4-H program and other youth organizations that are members and participants of events held at the United Sportsmen's Club.
