

Adrian Andrei,

Candidate for Secretary Treasurer

I've been a member of the Club since about 2010. I shoot mostly rifles and I hunt deer. I am a college professor and I hold degrees in wildlife management, biology, and agriculture. In my spare time I exercise with the dog, I swim, hike, go bird watching, and spend time with my family. I live in Jefferson City.

I am the current Secretary Treasurer. I think that I did a good job so far and would appreciate your vote to continue the work for another year. I would very much like to see the United Sportsmen's Club thrive for decades in the future.

I believe in discipline and hard work, continuous learning and self-improvement, honesty, clear and straightforward communication, sprinkled with careful and advanced planning, and more hard work. I don't compete with others, I compete with myself, and I always win, by learning and doing better work, faster, smarter. It's up to you and your votes. Thank you for your trust.
